

# How To Play

1

## Choose Speed

Choose the best starting speed setting for you. Then, press the Practice button to get started.

2 — 5 — 8 —

## Practice Cards

You will be tested on 3 practice cards.

2

## Call Out Numbers

Start calling the numbers out loud as fast as you can as they appear. Try not to fall behind as the numbers will disappear!

3

## After Practice

When you are finished with a practice round, you can choose to practice at the same speed, faster or slower. Keep practicing until you've met your daily practice goals.

Practice again at the same speed, 125npm.

Practice again a little FASTER at 130npm.

Practice again a little SLOWER at 120npm.

I'm finished practicing for now.
